PEACE NEGOTIATIONS WILL BE SUCCESSFUL

Baron Komura Confident that Amicable Agreement Will Be Reached

THE JAP DEMANDS

Will Be Moderate But Indemnity Will Be Asked.

SENTIMENT IN BOTH RUSSIA AND JAPAN IS FOR CESSATION OF HOSTILITIES--GOSSIP AND CONJECTURE RELATIVE TO MEETING OF CZAR AND EMPEROR WILLIAM.

By Associated Press. New York, July 25.—That Japan will demand an indemnity of Russia in the negotiations for peace and that the war will be declared at an end at the conclusion of the negotiations at Portsmouth, N. H., next month is the belief of Baron Komura, head of the Japanese peace delegation who arrived here today, as voiced by Almar Sato, who is official spokesman for the Japanese on this mission. Mr. Sato in an interview tonight said:

"I am confident that peace will be successfully negotiated by the appointed delegates. The Japanese will be guided by moderation and no excessive demands will be made, but the sentiment in Japan and in Russia is for peace, and in the interest of humanity and prosperity there must be peace."

"The cost to Japan, however, has been very great. On both sides the loss of men has been five hundred and seventy thousand of those. The war has cost Japan a million dollars a day, and there is a feeling that there ought to be an indemnity."

Asked as to the probabilities of an amicable settlement, Mr. Sato said that would probably be among the first questions the plenipotentiaries would consider. On the basis of former action on previous treaty negotiations, Japan will make demands for Russia's consideration.

MEETING OF RULERS

WILL MAKE FOR PEACE.

NEGRO FIRED

UPON OFFICERS

A GANG OF THEM WERE MAKING

NIGHT HIDEOUS ON NORTH

TARAGONA STREET.

A gang of negroes, who were making the night hideous on North Taragona street, were surprised early yesterday morning by Officers Reed and Spencer and the outcome was that the officers were fired upon by one of the negroes.

The officers and placed several of the negroes under arrest, and Officer Spotswood was chasing one or two others, who had made a break to get away when they saw the bluecoats.

One of the negroes suddenly turned and fired two shots at him. One of the bullets came dangerously close to the officer's head. The negro then stopped to see what damage his shot had done, but went at a faster pace on the railroad track.

At the railroad track, a negro, was arrested on suspicion of being the one who fired at the officers.

By Associated Press. St. Petersburg, July 25.—Gossip and conjecture are busy with the results of the meeting between Emperor William of Germany and Emperor Nicholas of Russia, but the return of the Russian Imperial party to Petrohoff has added nothing definite to information regarding the subjects discussed or conclusions reached at the private interview between the two sovereigns. Take the circumstances no authorization statement can be made and the only information vouchsafed is that the conversation was extremely cordial and friendly. The belief that the meeting will make for peace was reinforced on the bourse to-day when Immen four advanced a full point to 8 1/2 in a firm market.

By Associated Press. St. Louis, July 25.—The police waited until after the second race was run before entering Delmar race track this afternoon and then marched in. They immediately placed eleven men under arrest on warrants, charging a violation of the pool selling law. About fifty officers took the arrested men away, while about the same number remained.

DOGS MUST BE VALUABLE NOW

More License Tags Have Been Procured Than During Any Previous Year.

It is either that dogs are more valuable or else the dog catchers are more energetic than has been the case in previous years, but it is nevertheless a fact that more license tags have been issued this year than any year in the history of the city.

The books of Comptroller Morgan show that 187 tags have been issued so far this year, while the total last year was 140. This shows a big increase, especially considering the fact that the season is not yet at an end, and it is possible that at least two hundred tags will be issued.

A large number of dogs, which remained the required time in the pound, have been electrocuted.

Oil that Remains in Tank Will Burn Itself Out Before Morning.

CHARRED BODIES

Of Eight Persons Have Been Found and Search Continues.

By Associated Press. Houston, July 25.—The fire in the Texas Co.'s tanks at Humble was practically extinguished to-night. There is still a bit of oil in the bottom of the eleventh tank, but it is thought this will be burned out before morning. The charred remains of eight persons have been found and the search still continues.

The fire is still burning but the danger of its spreading has been obviated by the isolation of the two tanks struck.

TEN BODIES HAVE BEEN RECOVERED.

By Associated Press. Houston, Texas, July 25.—The Humble oil fire was still burning to-day, but is confined to an area of one hundred acres, which will burn out in the next twelve hours. Ten bodies have been recovered and it is believed more will be found in the ruins. The estimates of fatalities varies from ten to eighteen, all negroes.

NO CHANGE IN THE FEVER SITUATION

DR. J. Y. PORTER WILL BE HERE TO-NIGHT

Additional Instructions Have Issued, and All Passengers from New Orleans Will Be Stopped.

By Associated Press. Dr. Joseph Y. Porter, state health officer of Florida, and also at the head of the Marine Hospital Service of the state, is expected to reach Pensacola from Key West to-night. His mission to the city is to get in touch with what is transpiring in New Orleans, relative to yellow fever, and to become acquainted with the work that is being done by the city authorities in cleaning up the city.

Dr. Porter was in Key West when he first received information regarding the fever being in New Orleans, and when he became acquainted with conditions, started for Pensacola. He will reach Jacksonville this morning, and will leave immediately for this city, arriving at 10:50 to-night, if he makes all connections.

Dr. W. E. Anderson, representative of the State Board of Health in this city, has received additional instructions regarding the quarantine against New Orleans. At first the quarantine was only against that section of the city known as the Italian quarter, it being claimed by the Louisiana State Board of Health as well as the city authorities, that the yellow fever was confined to that section. It has been learned, however, that such is not the case, and now a quarantine is on against the entire city, and no person or baggage can be passed through Flomation.

It was stated upon the streets last night that all classes of goods had been refused by the Louisville and Nashville out of New Orleans, and that no shipments would be taken until the quarantine had been removed.

Dr. Anderson has received telegrams from Dr. Porter authorizing him to employ any necessary help that he might need at Flomation, in order to maintain a strict quarantine, and such has been done. Cars containing fruit will be fumigated before being allowed to come into the city.

THE EAST END GOSPEL MEETINGS

THIRTY-THREE NEW MEMBERS HAVE BEEN ENROLLED DURING PAST FEW WEEKS.

The East End gospel meetings have been a decided success. The interest has grown from the beginning and Sunday night was a great meeting. Monday night did not fall behind it. The children's meeting Tuesday afternoon was a good one. Rev. W. T. Wagner has had the ear of the people and his faithful preaching has been a benediction. He will ever be remembered in Pensacola.

The meeting are coming to a close. Fifteen persons have offered for baptism, which will be administered in the bay at Wright's mill Sunday afternoon at 3:30 o'clock. The church has now enrolled thirty-three new members.

BIG KILLING AT BRIGHTON RACES

By Associated Press. New York, July 25.—One of the biggest killings of the year occurred at Brighton Beach to-day in the last race, when Huntington came home an easy winner. Huntington opened up at 8 to 1 but money began pouring into the ring until the price fell to 2 to 1 and while the horses were at the post-commissioners continued the betting on him. It is estimated that at least \$50,000 was taken out of the ring on the Huntington victory.

Two More Deaths Reported in New Orleans--Twenty Cases Under Treatment.

ALL CASES PROMPTLY REPORTED AND PROSPECTS OF RESTRICTING DISEASE CONSIDERED BRIGHT--YELLOW FEVER ON THE ISTHMUS OF PANAMA.

By Associated Press. New Orleans, July 25.—There has been no material change in the fever situation to-day, but two more deaths have been reported. There is no absolute record of the number of cases under treatment at the present time, but the number is believed to be about twenty.

Physicians are reporting promptly all cases of fever and immediate steps are taken to prevent mosquito infection, so the prospects for restricting the disease are considered bright.

The emergency hospital on Dumaine street was equipped to-day and placed in charge of Hamilton P. Jones, who had charge of the isolation hospital in 1897.

The advisory board of the city board of health began active work to-day and will have immediate charge of the work of ferreting out new foci of infection and carrying on the work of sanitation.

YELLOW FEVER ON ISTHMUS OF PANAMA.

Washington, July 25.—The Panama canal commission to-day received a cablegram from Colon reporting that Thomas Scallill, an American non-employee, was taken sick with yellow fever at Colon on July 17 and William Carter, an American, and George Peters, a Swede, both employees of the steamer Segura, were attacked with the disease July 20.

WILLIAMS CASE MAY BE TRIED ELSEWHERE

Possible that Attorneys Will Ask for a Change of Venue When Case Comes Up.

From present indications it looks as though an effort will be made to get a change of venue in the case of Wm. F. Williams. At least it is stated that attorneys, who have been secured to represent the defendant, will make an effort to this end and will also fight any special term of the circuit court or any effort to have a speedy trial.

Attorneys have been employed by relatives of Williams and they will represent him when the case comes up for trial. Their first fight will be to get a change of venue, and it is probable that if a change is granted one of the nearby counties will be chosen.

Williams is seemingly contented in jail, and reads everything pertaining to his case with interest. He is visited each day by relatives, who furnish him with his meals, and is apparently in good spirits. He has not been ill to any extent, the only thing being that he becomes restless occasionally from being confined in a cell with no one with whom to converse.

MOTHER SHOT ACCIDENTALLY BY DAUGHTER

Mrs. J. E. Potter, of Milton, Mistaken for Burglar and Badly Injured.

BALL ENTERED HIP

Struck Bone and Glanced, Coming Out Near Center of Stomach.

OPERATION SUCCESSFULLY PERFORMED UPON INJURED WOMAN WHO IT IS BELIEVED, WILL RECOVER--MANY HOUSES HAVE BEEN ENTERED RECENTLY.

Special to The Journal. Milton, July 25.—What came near being a deplorable tragedy occurred in our city last night between eleven and twelve o'clock, when Mrs. Ernest Amos accidentally shot her mother, Mrs. J. E. Potter.

The windows of the Potter residence had been left up on account of the sultriness of the weather, and during the evening a severe thunder storm came up. Mrs. Amos, who resides with her mother, was sleeping in a room across the hall. Mrs. Potter arose and entered her daughter's room with the intention of closing the windows. In closing the one nearest the bed the noise aroused Mrs. Amos, who indistinctly seeing a form, and thinking a burglar was in her room, fired at it. The ball entered Mrs. Potter's left side, striking the hip bone, glanced off and came out near the center of the stomach, without entering the abdominal cavity, and was imbedded in the window blind.

Drs. H. E. Eldridge and C. B. McKinnon were at once summoned, and Dr. H. T. Inge, of the Inge-Bondurant Sanitarium, Mobile, came in on a special train. An operation was performed at 7 o'clock and at this writing Mrs. Potter is resting easy and the chances for recovery are good.

There have been a great many entrances of dwellings here, lately, which makes every one suspicious of any noise heard at night, and every one is prepared for burglars; hence this deplorable accident.

Mrs. Amos was formerly Miss Elinor Potter. Ot one time she was employed upon the staff of the Daily News and has many friends in Pensacola.
